- Investment and financial planning services.

Our Obligations to you

1. We will treat you fairly.
2. We will act with integrity.

Disciplinary History you Should be Aware of

There have been no Professional Indemnity insurance or negligence claims, disputes resolution actions, or disciplinary actions brought against Cave Financial.

Conflicts of Interest

Cave Financial has no financial interests in any insurance, lending, investment or KiwiSaver company. Should any actual or potential conflict of interest arise during any engagement with a client we will bring that to your notice promptly, and then seek to manage or avoid the conflict if at all possible.

If management or avoidance of a conflict to your satisfaction is not possible then we will resign from the engagement with you and professionally assist with the appointment of a replacement and more suitable adviser.

Other Interest, Relationships and Associations

Other than that disclosed above, neither Nathan Dyson nor any other associated person of Nathan Dyson has or will have or may have any other interest, relationship or association that a reasonable client would find reasonably likely to materially influence Nathan Dyson in providing the Financial Adviser services to you.

Cost of Advice

Any remuneration arrangements will be negotiated directly with every potential client before any engagement with that client is agreed to.

We may charge fees and/or be paid commissions depending upon the scope of the engagement agreed to by a client.

Cave Financial receives all commissions and client fees that are negotiated by the Financial Advisers working with us. Fees are charged for expertise and opinion, not product placement or "brokering", unless requested by a client and agreed to by Cave Financial.

Fees

Fees are payable electronically and directly by the client to Cave Financial upon invoice for financial advice and planning work. The hourly rate charged is between \$250 to \$350 (+GST).

An estimate of fees for any particular engagement can always be provided in advance, and if necessary we can agree in advance to a fixed price for an engagement.

Commissions

There are situations in which we will be paid by a supplier company, for 'brokering' or implementing a financial product or service on behalf of the client. The benefit to the client is that for the expertise and time involved in the implementation process, no matter how long it takes, there is no direct fee payable by the client to Cave Financial.

Cave Financial does not charge our clients for services where we are remunerated by the provider of the products and services that our clients have chosen to implement.

When implementing life insurance, mortgages, KiwiSaver or investments, we are paid via "brokerage", or commission, with Cave Financial Consulting Limited only receiving payment if we are successful in placing business which the client is happy with.

See appendix 1. for the percentage range of commissions payable with dollar amount examples

Non-monetary Benefits

From time to time we may receive certain non-monetary benefits from product providers. These benefits could include travel, corporate gifts, invitations to sporting or charitable events, subsidized professional development, generally less than \$500 in value in total.

Complaints

If you have a problem, concern, or complaint about any part of our service, please tell us so that we can try to fix the problem.

Cave Financial has an internal complaints process and we undertake to investigate your concerns promptly and fairly. You may contact us to make a complaint by telephone, by email or in writing.

If your complaint cannot be satisfactorily resolved this way, it then becomes a dispute.

The Dispute Resolution process is:

1. In the event of a dispute, you must notify us that the complaint is not resolved and is now a dispute.
2. We will confirm in writing our internal complaints process, likely timeframes, and our Disputes Resolution Scheme which you can access at any stage should you choose to.
3. Should we fail to handle the problem to your satisfaction within a reasonable time frame then the product providers themselves have internal complaints handling processes which you might wish to also access. This means that if we have used a particular product that is connected to the issue at dispute, you can contact the company that issued that product and have them attempt to resolve the matter as well.
4. If these options fail to resolve the dispute to your satisfaction, then you may take the matter to the Financial Dispute Resolution Service ("FDRS") of which we are a member. We are bound by the outcome of that process. You can choose to be bound by the outcome but you can also choose to be free to pursue other legal avenues if you wish.

Their service will cost you nothing as we pay for it, and it can help us resolve any disagreements.
